CONTENTS OF VOLUME LV.

NUMBER 1.

PAGE

1. **The Clinical Value of Optic Canal Roentgenograms.** By DR. HARRY A. GOALWIN, New York. (With eight illustrations on Text-Plates I. and II.) 1

2. **Concerning the Ocular Symptoms of Erythremia (Chronic Polycythemia Vera), with Special Reference to the Fundus Picture.** By DRS. G. E. DE SCHWEINITZ, Philadelphia, Pa., and ALAN C. WOODS, Baltimore, Md. (With one illustration in colors on Text-Plate III.) 21

3. **Glaucoma in Myopic Eyes.** By DR. ARNOLD KNAPP, New York 35

4. **Separation of the Choroid, with Report of a Spontaneous Case.** By DRS. F. H. VERHOEFF and J. H. WAITE. (With one illustration on Text-Plate IV.) 38

5. **Ophthalmoplegia Internuclearis. Report of a Case.** By DR. EDWIN BLAKESLEE DUNPHY, Boston, Mass. 54

6. **Percentage Value of Vision and the Snellen Notation.** By DR. J. A. C. GABRIELS, Albany 58

7. **Convention of English-Speaking Ophthalmological Societies.** By MR. H. DICKINSON, London 64

8. **Report on the Progress of Ophthalmology.** Abstracts by DRS. A. N. ALLING, New Haven; P. G. DOYNE, London; and K. WESSELY (*Archiv für Augenheilkunde*), Würzburg. Edited by MATTHIAS LANCKTON FOSTER, M.D., F.A.C.S., New Rochelle, N. Y. (*Continued from November issue.*) 81

V.—The Lids and Lacrimal Organs, 81; VI.—The Motor Apparatus of the Eye, 88; VII.—Intraocular Fluids and Glaucoma, 94. (*To be continued.*)

NUMBER 2.

1. **On the Question of Phacoanaphylactic Endophthalmitis.** By DR. A. RÖTTH, Pécs, Hungary 103

2. **Globular Masses on the Pupillary Margin in Acute Circumscribed Chorioretinitis. Clinical and Pathological Study.** By

PAGE

DR. HARRY FRIEDENWALD and DR. JONAS S. FRIEDENWALD. (With thirteen illustrations on Text-Plates V.–VII.) . . 113

3. **Basophilic Staining of Bruch's Membrane.** By DR. F. H. VERHOEFF and DR. R. J. SISSON. (With three illustrations on Text-Plate VIII.) 125

4. **Report of a Case of Large Exostosis of Orbit, Successfully Removed by Operation.** By DR. ARNOLD KNAPP, New York. (With two illustrations on Text-Plate IX.) 128

5. **Report of a Case of Melanosarcoma of the Palpebral Conjunctiva Illustrating the Malignancy of Such Growths.** By DR. WILLIAM CAMPBELL POSEY, Philadelphia 131

6. **A Case of Keratitis Punctata Superficialis Improved by the Use of Conjunctival Flaps.** By DR. ALBERT L. BROWN, Cincinnati, Ohio 136

7. **Neoplasms of the Lacrimal Gland, with Report of Three Cases.** By DR. ADOLPH O. PFINGST, Louisville, Ky. (With three illustrations on Text-Plate X.) 139

8. **Serous Tenonitis.** By DR. G. N. BRAZEAU, Milwaukee, Wis. 152

9. **On the Use of the Slit-Lamp in the Differential Diagnosis Between Glioma and Pseudoglioma.** By MR. T. HARRISON BUTLER, Birmingham, England. (With three illustrations on Text-Plate XI.) 155

10. **On the Diagnosis of Intraocular Tumors.** By DR. E. E. BLAAUW, Buffalo. 159

11. **Report of the Proceedings of the Section on Ophthalmology of the New York Academy of Medicine.** By DR. DAVID H. WEBSTER, Secretary 165

12. **Report of the Transactions of the Ophthalmological Section of the Royal Society of Medicine.** By MR. H. DICKINSON, London. 171

13. **Report on the Progress of Ophthalmology.** Abstracts by DRS. A. N. ALLING, New Haven; P. G. DOYNE, London; and K. WESSELY (*Archiv für Augenheilkunde*), Würzburg. Edited by MATTHIAS LANCKTON FOSTER, M. D., F. A. C. S., New Rochelle, N. Y. (*Continued from January issue.*) 188

VIII.—The Sense of Sight. Refraction, 188;
IX.—Conjunctiva, Cornea, Solera, 197. (*To be continued.*)

NUMBER 3.

1. **A New Technique for the Expression of the Cataractous Lens in its Capsule.** By LT. COL. HENRY SMITH, C.I.E., I.M.S.

PAGE

(Ret'd), New Eltham, Surrey, England. (With eighteen illustrations in the text.) 213

2. **A Case of Metastatic Intraocular Mycosis.** By DR. F. H. VERHOEFF, Boston. (With eight illustrations on Text-Plates XII. and XIII.) 225

3. **A Case of B. Tularense (Squirrel Plague) Conjunctivitis.** By DR. DERRICK T. VAIL, JR., Cincinnati, Ohio. (With two illustrations in the text and four on Text-Plate XIV.) . . . 235

4. **An Acuity Apparatus with Attachments for Testing the Light and Color Sense and for Color Mixing.** By DR. C. E. FERREE and DR. G. RAND, Bryn Mawr College. (With one illustration in the text and two on Text-Plate XV.) 245

5. **Late Results of Intracapsular Cataract Extraction.** By DR. ARNOLD KNAPP, New York 257

6. **Pupilloscopic Findings in Lesions in Different Parts of the Reflex Arc.** By DR. FRANCIS HEED ADLER, Philadelphia, Pa. (With five illustrations in the text.) 262

7. **Report of the Proceedings of the Section on Ophthalmology of the New York Academy of Medicine.** By DR. DAVID H. WEBSTER, Secretary 273

8. **Proceedings of the Section of Ophthalmology, B. M. A., at the Annual Meeting at Bath, July, 1925.** By DR. P. G. DOYNE, London 282

9. **Report of the Transactions of the Ophthalmological Section of the Royal Society of Medicine.** By MR. H. DICKINSON, London 285

10. **Phacoanaphylactic Endophthalmitis.** By DR. F. H. VERHOEFF, Boston, Mass. 296

11. **Report on the Progress of Ophthalmology.** Abstracts by DRS. A. N. ALLING, New Haven; P. G. DOYNE, London; and K. WESSELY (*Archiv für Augenheilkunde*), Würzburg. Edited by MATTHIAS LANCKTON FOSTER, M.D., F.A.C.S., New Rochelle, N. Y. (*Continued from March issue.*) 299
X.—Aqueous. Lens. Vitreous, 299. (*To be continued.*)

12. **Notices** 309

13. **Book Reviews** 312

NUMBER 4.

1. **Some Suggested Lines of Clinical Research.** By MR. BASIL GRAVES, London, England 319

PAGE

2. **Radium Therapy in Diseases of the Eye and Adnexa.** By G. ALLEN ROBINSON, M.D., New York. (With eight illustrations on Text-Plates XVI. and XVII.) 328

3. **Detection of Malingerers.** By DR. E. TÖRÖK, New York . 338

4. **The Intranasal Lacrimal Sac Operation: Its Advantages and Its Results.** By DR. J. M. WEST, Tamaqua, Pa., Late Otolaryngologist, Clinic of Professor Silex, Berlin, Germany. (With six illustrations on Text-Plates XVIII. and XIX.) . 351

5. **A Preliminary Report Regarding a Device to be Used in Lateral Homonymous Hemianopsia.** By DR. ALFRED WIENER, New York. (With one illustration on Text-Plate XX.) . . 362

6. **Congenital Tumor Mass at the Edge of the Optic Disk.** By DR. ARTHUR M. YUDKIN, New Haven. (With two illustrations on Text-Plate XXI.) 364

7. **A Case of Subconjunctival Echinococcus.** By DR. GEORGE R. HARE, New York. (With three illustrations on Text-Plate XXII.) 367

8. **The Normal Reserve Accommodation in Presbyopia.** By DR. F. J. SLATAPER, Houston, Texas. (With one illustration in the text.) 370

9. **Report of the Proceedings of the Section on Ophthalmology of the New York Academy of Medicine.** By DR. THOMAS HAYES CURTIN, Secretary 377

10. **Report of the Transactions of the Ophthalmological Section of the Royal Society of Medicine.** By MR. H. DICKINSON, London 389

11. **Report on the Progress of Ophthalmology.** Abstracts by DRS. A. N. ALLING, New Haven; P. G. DOYNE, London; and K. WESSELY (*Archiv für Augenheilkunde*), Würzburg. Edited by MATTHIAS LANCKTON FOSTER, M.D., F.A.C.S., New Rochelle, N. Y. (*Continued from May issue.*) 395
XI.—Uveal Tract, Sympathetic Ophthalmia, 395. XII.—Retina and Optic Tract, 408. (*To be continued.*)

12. **A Memoir of Dr. S. Lewis Ziegler.** By DR. PAUL J. SARTAIN, Philadelphia 423

13. **Correspondence** 426

14. **Book Reviews** 428

NUMBER 5.

PAGE

1. **A Successfully Operated Case of Supra-Sellar Cyst.** By Dr. Harry S. Gradle, Chicago. (With six figures in the text.) . 431

2. **Congenital Tumor Mass at the Periphery of the Optic Disk.** By Dr. Arthur M. Yudkin, New Haven. (With one illustration on Text-Plate XXIII.) 435

3. **Suspension of the Fusion Impulse as a Therapeutic Measure.** By Dr. Ellice M. Alger, New York 438

4. **The Snellen Symbol and Visual Value.** By Dr. J. A. C. Gabriels, Albany, N. Y. 447

5. **Some Notes on the Problems and Results of the Jewish Campaign against Trachoma in Palestine.** By Dr. Arieh Feigenbaum, Jerusalem. (With two figures in the text.) 453

6. **Method of Thread Fixation of the Lid in Tarsus Operations.** By Prof. Dr. L. de Liebermann, Budapest, Hungary. Edited by Dr. W. J. Werfelman, Jr., Syracuse, N. Y. (With one illustration in the text.) 461

7. **The Surgical Treatment of Wounds of the Cornea with Prolapsed Iris.** By Dr. P. Chalmers Jameson, Brooklyn. (With five illustrations on Text-Plates XXIV. and XXV.) . . 465

8. **Studies of the Visual Fields in Localized Chorioretinitis of the Jensen Type.** By Dr. Henry P. Wagener and Dr. John F. Gipner, Rochester, Minnesota. (With eighteen illustrations on Text-Plates XXVI.–XXVIII.) 470

9. **The Action of Atropine in Ocular Inflammations.** By Dr. Francis Heed Adler. (With two illustrations in the text.) . 484

10. **Report of the Annual Congress of the Ophthalmological Society of the United Kingdom.** By Mr. H. Dickinson, London 501

11. **Report of the Transactions of the Ophthalmological Section of the Royal Society of Medicine.** By Mr. H. Dickinson, London 511

12. **Report of the Proceedings of the Section of Ophthalmology of the New York Academy of Medicine.** By Thomas H. Curtin, Secretary 514

13. **Report on the Progress of Ophthalmology.** Abstracts by Drs. A. N. Alling, New Haven; P. G. Doyne, London; and K. Wessely (*Archiv für Augenheilkunde*), Würzburg. Edited by Matthias Lanckton Foster, M.D., F.A.C.S., New Rochelle, N. Y. (*Continued from July issue.*) 517

XIII.—Miscellaneous, 517 (*Concluded.*)—I.—The Eye in its Relations to General Disease, 520. (*To be continued.*)

14. **Notice** 532

NUMBER 6.

PAGE

1. **Treatment of Glaucoma with Glaucosan, Glaucosan Drops, and Amine-Glaucosan Drops.** By DR. CARL HAMBURGER, Berlin. (With three figures in the text and five on Text-Plate XXIX.) 533

2. **A Simplified Tangent Screen with Suggestions on Field Taking.** By Dr. A. H. THOMASSON, New York. (With three illustrations on Text-Plates XXX.–XXXII. and five in the text.) . . 545

3. **Blocking of the Main Trunk of the Facial Nerve in Cataract Operations Based on Experience of Over 150 Cases.** By MAJOR R. E. WRIGHT, I.M.S., Madras, India. (With four illustrations on Text-Plate XXXIII.) 555

4. **The Treatment of Bullous Keratitis.** By DR. ARNOLD KNAPP, New York 560

5. **Tubercular Iridocyclitis as Observed with the Slit-Lamp with Remarks on Tuberculin Treatment.** By DR. CLARENCE KING, Cincinnati, Ohio 563

6. **Further Studies on the Light Sense in Early Glaucoma.** By DR. GEORGE S. DERBY, DR. J. HERBERT WAITE, and MR. E. B. KIRK. (With nine illustrations on Text-Plates XXXIV.–XXXVI.) 575

7. **Report of the Proceedings of the Section on Ophthalmology of the New York Academy of Medicine.** By DR. THOMAS HAYES CURTIN, Secretary 580

8. **Report of the Oxford Ophthalmological Congress.** By MR. BERNARD CRIDLAND, Honorary Secretary 591

9. **Report of the Transactions of the Ophthalmological Section of the Royal Society of Medicine.** By MR. H. DICKINSON, London 596

10. **Report on the Progress of Ophthalmology.** Abstracts by DRS. A. N. ALLING, New Haven; P. G. DOYNE, London; and K. WESSELY (*Archiv für Augenheilkunde*), Würzburg. Edited by MATTHIAS LANCKTON FOSTER, M.D., F.A.C.S., New Rochelle, N. Y. (*Continued from September issue.*) 601

II.—Remedies, Instruments, and Operations, 601; III.—Anatomy, Physiology, and Pathology, 606. (*To be continued.*)
